

Slothy (\$SLOTH) Whitepaper

Slow. Loyal. Legendary.

Overview

Slothy (\$SLOTH) is the chilliest memecoin on the Solana blockchain. Inspired by a smiling sloth holding a heart with the Solana logo, Slothy stands for patience, loyalty, and calm strength. While others rush to the moon, Slothy takes it slow — because good things come to those who chill.

Mission

Slothy Coin's mission is to bring humor, positivity, and community vibes to the Solana ecosystem. Our mantra: "We'll get there — just slowly." By embracing patience, Slothy encourages holders to relax and enjoy the journey instead of stressing about the charts.

Tokenomics

Total Supply: 1,000,000,000 \$SLOTH

The total supply of \$SLOTH is fixed and cannot be increased. Airdrops and rewards are available for the community to strengthen and expand the Sloth Gang ecosystem.

Roadmap

Phase 1 — The First Nap

- Launch on Pump.fun
- Build the “Sloth Gang” community
- Meme contests & community airdrops

Phase 2 — Wake & Hold

- Slothiverse NFT collection
- Strategic partnerships
- Reward programs for patient holders

Phase 3 — Chill to Earn

- Slothy merch (plushies, hoodies, stickers)
- DAO governance
- GameFi and metaverse integration

Philosophy

Slothy reminds us that slowing down is powerful. In a world of FOMO and chaos, the strongest holders are the calmest ones. Stay relaxed. Stay loyal. Stay Slothy.
